

## Medical College of Georgia Traffic and Parking Regulations

### I. Introduction

#### A. General Statement

The parking regulations for the Medical College of Georgia campus were prepared by the Parking Services Bureau and approved by the Parking Advisory Committee, which consists of members of MCG faculty, staff, administration, graduate and undergraduate body. These regulations apply to all members of the MCG community.

The enforcement of parking regulations is not an impediment to campus life; rather it is aimed toward the elimination of confusion and hazards.

Everyone driving on campus is expected to comply with the spirit as well as the letter of these regulations.

#### Authority

"...The government, control and management of the Medical College of Georgia and all of the Institutions in the University System of Georgia shall be vested in the Board of Regents of the University System of Georgia." (Georgia Constitution, Article VIII, Section IV, Paragraph 1b). By virtue of the powers granted to the Board of Regents of the University System of Georgia by the Constitution, the Board of Regents has the authority to adopt bylaws and policies for the management and governance of its member institutions. The Board of Regents further elects a Chancellor of the System, under whose supervision the presidents of the various institutions are given responsibility and authority to promote the efficient operation of the same. The Parking Services Bureau is delegated authority and responsibility for the administration of policies and parking regulations designed to promote a safe and efficient parking system. These policies specifically include fees for parking privileges and fines, immobilization and impoundment for various unsafe and illegal parking practices.

These regulations supersede all regulations with respect to vehicular traffic and parking on campus and are subject to change without notice. Any questions relating to parking on campus should be directed to the Medical College of Georgia, Parking Services Bureau, 524 15<sup>th</sup> Street HT-1147, Augusta Georgia 30912-9050; phone: 706-721-2953.

**Note:** MCG Health has established a parking operation located in the BO Building, (706) 721-7275. MCG Health provides parking services and conducts enforcement in and on their facilities. If you desire to operate and park a vehicle on the campus of the Medical College of Georgia, you must understand and agree to the following:

- 1) It is your responsibility to abide by published Traffic and Parking Regulations and pay prescribed fees as adopted by the Medical College of Georgia and MCG Health.
- 2) Fines and late fees imposed by the Medical College of Georgia or MCG Health for MCG employees violating either Medical College of Georgia or MCG Health Traffic and Parking Regulations may have these fines or late fees deducted from their MCG paycheck.
- 3) Falsification of parking registration information to either the Medical College of Georgia or MCG Health will result in a fine and/or cancellation of parking privileges.

#### B. Purpose

These rules and regulations are established in the interest of the entire University community to reduce traffic congestion on campus, providing faculty, staff, and students reasonable access to the buildings in which they carry out their major functions.

### **C. Application**

- (1) All members of the Medical College of Georgia community must register and pay the applicable fee to Parking Services for each vehicle they operate on campus. Part time employees may purchase permits at a prorated price. The fact that a vehicle has been registered with MCG does not allow members of the registrant's family or friends to operate the registered vehicle in like manner if they are not qualified to do so.
- (2) It is the responsibility of all individuals who operate or maintain vehicles on the MCG campus to be aware of the regulations expressed herein and to abide by them. The action of any individual operating a vehicle on campus is deemed conclusive evidence of his or her acceptance of, and willingness to abide by, these regulations.
- (3) Operation and parking of a motor vehicle on MCG property shall be solely at the driver's risk. The Medical College of Georgia does not assume liability for damage to any vehicle or its contents while the vehicle is parked or operated on Medical College of Georgia property.

### **D. Non-waiver**

The failure of MCG to insist upon strict compliance with any regulation contained herein in any one or more instances shall not be interpreted as a waiver for the future enforcement of any such regulation. All regulations shall remain in full force and effect. Rain or inclement weather does not alter any of the provisions of these regulations.

### **E. Administration of Rules and Regulations**

- (1) The Manager of Parking Services for the Medical College of Georgia is responsible for establishing and maintaining the signs, signals, and markings necessary to implement these regulations.
- (2) The Public Safety Division of the Medical College of Georgia enforces these rules and regulations to the extent permitted by law. All applicable state, county, and municipal laws shall be enforced.
- (3) The Police Bureau and others designated by Parking Services may issue violation notices to alleged violators of any provision of these regulations on forms prescribed by Parking Services. A copy of the violation notice shall be conspicuously affixed to the vehicle when possible.
- (4) No other entity, department or person, not designated by Parking Services may enforce, waive, rescind or void any regulation, violation, fee or fine.

- (8) Parking permits shall be serially numbered and identified by a letter, number or letter and number corresponding to the designated parking area in which they are valid.

### **C. Visitor/Pay Parking Locations**

Short-term pay locations are available at the lot in front of the Student Center (Lot 3) and the circle at the entrance of the Greenblatt Library. MCG parking permits are not authorized to park in pay areas unless they are here as patients/visitors and the stated fees are paid. During those restricted periods, parking will be limited to special event permits. Sign, public announcement, and/or on-site supervision will communicate restricted periods.
