

Environmental Health and Safety Division
Office of the Director

Please complete the following questionnaire as it relates to your MCG faculty appointment. Return the completed questionnaire along with the other documents that were included in your appointment package as instructed by the department representative assisting you in this process.

If you will be submitting a grant applicant for intramural funding, please answer the following:

- | | | |
|-----|----|------------------------------------------------------------------------------------|
| Yes | No | Will you be a Principal Investigator?
If yes, will you be working with: |
| Yes | No | Radioactive Materials |
| Yes | No | Hazardous Chemicals |
| Yes | No | Bio-hazardous materials including: BSL 1-3 agents, cells, pathogens,
bio-toxins |

Do you want to transfer the following from your current institution to MCG:

- | | | |
|-----|----|-------------------------------------------------------------------------|
| Yes | No | Radioactive Materials |
| Yes | No | Chemicals |
| Yes | No | Biological materials including any bio-hazardous material listed above. |
| Yes | No | DEA controlled substance |

If "yes" has been checked to any of the above questions, the questionnaire must be faxed to the following prior to shipping any of the above materials to MCG and prior to the effective date of appointment.

Dr. James Davis, Director
