

Emergency Department Presentation Evaluation Form EMED5001/5002

All students are required to give a 10 – 15 minutes presentation on the topic of their choice with the provision that it be relevant to an ED Presentation of a patient (i.e. not chronic, long term care). The topic should be researched with 2 – 3 up-to-date literature articles. Each site will handle the presentation somewhat differently so be sure to check with the site director early as to how and when the presentation should be given. The form below has been recommended to each site for use or as a guideline for evaluating a presentation.
