

## THREE RIVERS AHEC STUDENT HOUSING AGREEMENT

In consideration of the value received in terms of housing accommodations provided to students during clinical training in the community, the student agrees to the following conditions:

1. Student shall not engage in any criminal activity, including drug-related activity, on or near the home or premises.
2. Student shall act responsibly and exhibit professional behavior at all times. This includes acting in a respectful manner and not disturbing the host or other students at the housing location.
3. Student will not take undue advantage of the host's hospitality and will be respectful of their property and the sanctity of their home.
4. Student will have no guests, including spouses, in the housing provided.
5. No pets are allowed at any time.
6. Student will consume no tobacco products, alcohol or drugs on the premises.
7. Student shall leave the housing in a clean and orderly condition.
8. At the conclusion of the training, student shall promptly return house key and any other items provided by the host.
9. Once housing is approved, the student agrees to accept the arrangements as planned and follow through by communicating with the host prior to arrival. If an emergency precludes accepting the housing, the student will contact Three Rivers AHEC immediately.

I have read and understand the above parameters regarding my stay in the community-based housing offered. I further understand that any incidents in violation of these rules may jeopardize future housing opportunities for students in my educational program.
